

gc Greenhead College
Be exceptional

**Weekly message for
Greenhead College students
and parents/carers**

Friday, 2 December 2022

Dear all,

Well done to all our students for their resilience and hard work over what has been a long and busy term. Just two weeks to go until a well-earned break!

Here are this week's messages:

Sport Regional Tournament

I am thrilled to report that the following students have qualified to represent Yorkshire and Humber at the Association of Colleges Sport National Championships in April 2023:

Tennis – Blue Cockroft and Julia Krecisz

Cross Country – Rory Bryant, Alex Franklin, Ned Hughes, Annie McLean and Emily Oliver

Badminton – Tar Supanpong.

We also took students to compete in table tennis and volleyball who performed superbly on the day but just missed out on qualification. Here are some pictures from the volleyball:

Clothes Swap

The 'Who's Future? Our Future!' enrichment group is organising a 'Clothes Swap' event for students. Here are some details:

Refresh your wardrobe while saving money and the Earth!

*Bring washed items of clothing (no underwear or socks) to R20 at lunchtime on **Monday, 5 December**.*

*Come to R20 on **Friday, 9 December** during Periods 3, 4 or lunchtime to pick something new (to you).*

UK Schools Sustainability Network

Greenhead College is a member of the UK Schools Sustainability Network. Interested students are invited to attend the guest speaker meeting shown below. If students would like to attend, they should register with their Greenhead College email address.

Wednesday, 14 December, 6.30-7.30 pm

UKSSN students in conversation with 20-year-old [Mya-Rose Craig](#) about her new book [Birdgirl](#). Please register via link at [this link](#).

Fire evacuation

Can I thank all students for the calm and efficient way they evacuated our buildings during the recent unplanned fire evacuations.

The first incident, last Thursday, resulted in a small group of students facing disciplinary action. The second, which occurred on Monday of this week, was caused by a sensor which was either inadvertently knocked or is loose. We are currently working to address this issue.

As we have had two unplanned evacuations, we no longer feel it necessary to stage a practice evacuation next week.

Best wishes,
Simon
