

Entering Mock / Current Working GCSE Grades into CEDAR

The page that we are using for you to enter your mock / current working GCSE grades was designed to capture GCSE results, so please accept our apologies for any misleading terminology on the screen.

When an applicant logs on to CEDAR with the username and password provided by the College, they should see the screen below. This is a reactive screen and may appear differently on different devices.

Please enter your mock / current working GCSE grades in the form that has the header “Upload GCSE Results” and today’s date.

Choose all your subjects, using the drop down. If your subject is not listed, use the nearest choice or if there is no near choice, use other qualification.

The screenshot shows the top part of the 'Upload GCSE Results' form. The title bar is orange and says 'Upload GCSE Results 13-Dec-2022'. Below it is a table with three columns: 'QUALIFICATION', 'FINAL GRADE', and 'DATE ATTAINED'. The 'QUALIFICATION' dropdown menu is open, showing options: '--Please Select--', 'other', 'Other (BTEC/CTEC Level 2)', and 'Other Qualification'. The 'Other (BTEC/CTEC Level 2)' option is highlighted in blue. The 'FINAL GRADE' and 'DATE ATTAINED' columns have empty input boxes and date pickers respectively.

Enter your mock / current working grade in the box labelled final grade. You can add further rows for additional subjects by using the “Add Row” button.
